RESSOURCE IS REINVENTING THE STRIPE

In June 2024, Ressource is reinventing the stripe with its new wallpaper collection. Inspired by the colors of French cities, this collection features 63 elegant striped patterns, with colors and geometric shapes finely crafted by the Maison's design studio.

Le Bordelais – the flagship design in this new collection – provides inspiration with its highly graphic effects and colors, oscillating between masculine and feminine.

This collection also features more traditional designs, with a strong focus on color.

True to its values, Ressource puts a twist on stripes with bold paint and wallpaper combinations that give even the most classic designs a highly contemporary decorating dimension.

Whether all-over, in small touches or as a mix-and-match solution, this collection has something for everyone.

The collection is printed in Provence on matte wallpaper in the Maison's workshops, using inks certified for their low environmental impact, for an elegant, timeless look.

Also available on washable matte paper for high-traffic areas such as corridors and staircases, as well as hotels and restaurants, La Rayure collection is at home everywhere and elicits strong reactions from everyone.

GRAPHIC STRIPES

With their committed plays on graphic designs, accentuated by a strong focus on color, these patterns are sure to liven up any and all decors with all the flair of stripes as they have never been seen before!

THE COLLECTIONS

THE RESSOURCE COLLECTIONS

SAUVAGE

Following the success of the Forestine and Faune & Flore collections, Ressource's artistic director Annabelle Vermont has created for her first wallpaper collection for children, entitled Sauvage.

Made up of 8 designs and 48 variations including a panoramic view, it was the arrival of her first child that inspired Vermont to compose this delightful collection, a subtle nod to childhood innocence.

Entirely hand-drawn in pencil, the texture and translucency of this collection create a unique blend of materials and colors, allowing the spirit to soar on a journey where anything is possible.

Collection - ~~225€~~ 112.50€ (ex. tax)
Ref. PPRCOLSAUV

FORESTINE

Annabelle Vermont, the great-granddaughter of the group's founder, designed the first collection of wallpaper for the brand.

The 10 patterns and 45 variations were inspired by Ressource's historical Provence roots.

The Forestine collection features a universal, lush and colorful nature and gives pride of place to flowers, plants, insects and birds, drawn in a resolutely contemporary style.

Collection - 165.83€ (ex. tax)
Ref. PPRCOLFOR

FAUNE & FLORE

With Faune & Flore, Maison Ressource continues its eulogy of Nature with a double collection of 11 original designs, available in a hundred or so versions.

Annabelle Vermont, the founder's great-granddaughter and the brand's artistic director, once again produces designs inspired by her favorite theme of Nature.

The designs in the Faune & Flore collection deliver a surprise with their color, freshness and striking graphics. Up close, all their details come to life, opening up unexpected new worlds.

THE COLLABORATIONS

ANANBÔ

Ananbô's wild, majestic decors quickly captivated the decorating world with their depiction of a complex, poetic and apparently timeless nature. The Ressource collection features 12 of the brand's most emblematic panoramas.

This collaboration has also seen the creation of a lush new setting, called Paradis des Tropiques, in which the plant and animal kingdoms blend harmoniously. Created exclusively by Ananbô for Ressource, this panorama is available in color or black and white.

Collection - 157.50€ (ex. tax)
Ref. COLLANANBO

HEJU

Passionate about art and sculpture, Heju has created two textured designs with poetic names, freely inspired by nature, to complement the 16 shades of the eponymous collection.

Organic, abstract forms with subtle irregularities capture a pure moment of creativity. These decors allow us to approach space in a new, artistic, innovative and sensitive way.

Printed on pre-pasted wallpaper in Ressource's workshops, the possible compositions are endless.

Each combination and superimposition becomes unique, enabling you to create a large-scale work and your own abstract landscape at home.

Book - 34.17€ (ex. tax)
Ref. KITBOOKHEJUS

MADI

Color and creative passion are the driving forces behind the collaboration between artist Madi and Ressource, who offer us an enchanted interlude in a pictorial, poetic universe.

Madi has been passionate about drawing since her earliest childhood, and has developed her art through exhibitions, collaborations and murals. Her work now attracts attention from all over the world. Her inimitable style feeds on fragments of reality to create her imaginary world, in which melancholy meets the irrepressible desire to create.

The intoxicating collection takes us on a journey through nature, encountering imaginary characters, textures, sensations, dreams and fantasies.
